## Feast (Food by EAST)

Feast (Food by EAST) is our big bustling café. Following the success of Feast in EAST, Hong Kong, we brought the Feast philosophy of 'simple things, done well' to Beijing. The popular café features an international menu chock-full of Asian and Western dishes using the freshest quality ingredients available, all cooked on the spot in our vibrant open kitchen. Dine al fresco on the Feast terrace with a relaxing view overlooking our neighbouring park, perfect for the summer months. Friendly and welcoming, Feast (Food by EAST) is brimming with energy all day long.
